3. The frame is now ready to spring open - Please exercise caution.

4. The frame is now fully open and ready to erect.

How To Repack The Gotcha!

5. Hold the frame at arms' length with hands at 3 o'clock and 9 o'clock.

6. Bring the hands together, compressing frame until hands meet. The frame will twist into a figure-of-eight.

7. Keeping one hand securely holding the centre of the figure-of-eight, place the other hand on top of the frame.

8. Press your upper hand down and away from you. Let the frame rest against your body. This will fold the frame into a small circle. Be careful to keep the other hand holding the frame securely.

9. With the frame braced against your body, secure the elastic straps in place.

10. The frame is now ready to place back into the bag.
